Description

The GP HO (High Output) delivers all of the race winning features and characteristics of the unbeatable GP SVHO (Super Vortex High Output) - the world's most successful race ski - powered by the industry's largest naturally aspirated, 1.9 Litre High Output marine engine.

This performance craft comes with a tilt-adjustable race inspired handlebar design, Connext helm control with multi-colour LED display, factory installed Yamaha Bluetooth enabled audio speakers, the industry’s first Auto Trim function with Cornering Control and Launch Control modes, and a race designed intake grate and jet pump for class-leading acceleration.

The large capacity 1.9 Litre High Output engine, delivers quick and smooth acceleration and high top-end speed, for even more exhilarating on-water excitement.

All GP WaveRunner are compatible with Yamaha's RecDeck platform, allowing you to add Yamaha's exclusive JetFish and lounge accessory packages, taking your on-water riding experience to the next level.

Whether you're into racing your mates, towing the kids, fishing or hitting the surf, the GP HO delivers race level performance in a fuel efficient, light-weight and versatile package.Technical Specification
