Year	2026	Category	Boat Engines and Outboards
Hull Style		Hull Type	
Power Type	Power	Stock Number	F70LA
Condition	New	State	Victoria
Suburb	DANDENONG SOUTH	Engine Make	

Description

The launch of Yamaha’s F70 changed customers’ expectations of outboards in this category forever.

Beating in the heart of the F70 is a unique four-cylinder, 16-valve design activated by a single overhead camshaft. The 4-valves per cylinder valvetrain has dramatically increased this outboard’s volumetric efficiency, effectively transferring more air and exhaust at a more efficient rate. This makes the F70 more fuel-efficient, promotes a stronger torque band and makes the F70 lighter than all four-stroke and direct injected two-stroke competitors.

The F70’s awesome performance offers huge versatility and makes it the perfect power option for a huge range of mid-sized fishing boats and pleasure craft.

The 70 horsepower is now available in both traditional Yamaha grey and new pearlescent white colour options, in a long shaft only.

Performance Reports
We take out the guess work in buying a new outboard, by rigorously testing our range of engines on Australia’s most popular boating brands. See how your favourite Yamaha powered boat performs for acceleration, fuel economy and top-end speed.View F70 Performance Reports
